VOLUME 4. MARYVILLE, MISSOURI, THURSDAY, APRIL 30, 1914. NO. 284.

HULL HEADS CLUB

EDITOR OF THE TRIBUNE IS THE NEW PRESIDENT.

OTHER OFFICER CHOSEN

The Slogan of the Club is "All for Nodaway County; Nodaway County for All"—To Be Carried Out.

Editor Fred Hull of the Tribune was elected president of the Commercial club at a meeting of the board of directors held at the club room Wednesday night. The other officers of the club are:

Dr. Jesse Miller, first vice president.

John H. Sewell, second vice president.

Paul Sisson, treasurer.

W. R. Jackson, secretary.

The board of directors of the club is composed of J. F. Hull, Dr. Jesse Miller, J. H. Sewell, Paul Sisson, W. F. Phares, Joseph Jackson, Jr., C. C. Hellmers, Charles Wadley and Albert Kuchs. The board meets every Monday at luncheon at the Elks club, where the various propositions that are presented are acted upon.

The board at their meeting discussed several plans for the work this year. The slogan of the club will be "All for Nodaway county; Nodaway county for all," and during the year every part of the county will be visited by a delegation of members of the club and made to feel that Maryville is for them and will help them out in any project that they are contemplating. The towns in the county will also be visited and all of the Chautauquas, fairs and other entertaining features that are to be had at these places will be taken in by the members of the Commercial club.

Editor Hull has been an active member of the club ever since he has been a resident of Maryville. Before that time he was secretary of the Commercial club at Gallatin. He has had a great deal of experience along these lines, and the coming year promises to be one of the best for the club.

ABOUT REV. C. J. MILLER.

His Bible School Distributes Sweet Pea Seeds Annually.

The Outlook, a religious publication of Cincinnati, O., has the following about Rev. C. J. Miller, formerly pastor of the Christian church here:

"The great Bible school of the First Christian church in Greeley, Col., is constantly doing something new, something big, something helpful. And we are never surprised while Claude J. Miller is pastor and H. H. Borgman is superintendent. And as fine as Pastor Miller is, he would have to increase in power mightily to be equal to his wife. We are constantly asking ourselves, 'Well, what will that Greeley bunch be doing next?' Readers of the Outlook have not forgotten how the school distributes sweet pea seed about this time of the year, and later has a great 'Sweet Pea day on the Sunday program. We are glad to be remembered with a package of seeds this year. Printed on the envelopes containing the seeds are these words: 'Compliments of the First Christian Bible School, Greeley, Col., the School That Does Things and Grows.'

"During the month of March this school enrolled 138 pupils. On the first Sunday in April honor badges were given to 250 of the Sunday school pupils for faithful attendance during the first quarter of 1914."

POLAND-CHINAS AT THE TOP.

R. R. Staples Gets Best Price Paid for Hogs Here Today.

Highest price paid on the market today for hogs secured a load of extra fine 265-pound butchers of the big type Poland-China breed, fed and shipped by R. R. Staples of Nodaway county. The consignment included fifty-six head and the drove sold at $8.40. Mr. Staples has been very successful with hogs as well as other phases of agricultural operations. In his estimation nothing beats an old tried prolific brood sow as a revenue producer on the farm.—Wednesday's Stock Yards Journal, St. Joseph.

Maulding's Orchestra at Hopkins.

Maulding's orchestra will furnish the music for the commencement exercises at Hopkins tonight. The orchestra is composed of the following members: Ollie Bovard, Albert Butherus, Guy Neal and Prof. T. B. Maulding.

Maryville visitors in St. Joseph Thursday were Mrs. G. A. Nash, Miss Alma Nash, Mrs. Frank Bolin, Miss Neva Templeton.

NEW PRESIDENT AND SECRETARY OF THE COMMERCIAL CLUB

J. F. HULL, PRESIDENT.

W. R. JACKSON, SECRETARY.

News of Society and Womens' Clubs

Miss Conrad Hostess.

The regular meeting of the P. E. O. chapter will be held at 2:30 o'clock Saturday afternoon at the home of Miss Nelle Conrad.

Missionary Tea.

The Woman's Missionary society of the Baptist church will hold a missionary tea Friday afternoon at the home of Mrs. J. F. Cook, 614 South Buchanan street.

Juniors Will Entertain.

The Junior class of the Normal school will entertain the members of the faculty and their wives and the senior class at the Normal building Friday night.

May Morning Breakfast.

The Y. M. C. A. and the Y. W. C. A. of the Normal school will give a May morning breakfast at 7 o'clock Friday morning in the lunch room of the Normal building.

Aid Society Meeting.

The Ladies' Aid society of the Buchanan Street Methodist church will meet Friday afternoon at 2:30 o'clock in regular business session at the home of Mrs. J. H. Thorp, 116 South Buchanan street. All ladies of the church are cordially invited.

For Miss Barrows.

The Queen Esther Circle of the First Methodist church was entertained Wednesday night at the home of Miss Greta Kemp in honor of Miss Jane L. Barrows, who will leave Friday for her home in Lincoln, Neb. The evening was spent in playing various games, a two-course luncheon being served afterward. The members present were Ida Lable, Ned Howard, Vijune Colden, Ed Logan, Nina Bent, Fred Hunter, Lois Wiley, Vern Castle, Gladys Ford, Ulysses Stuart, Loma Bower, Mark Pickens, Mary Sewell, George Kerr, Della Hook, James Smith, Fern Wright, Carl Woods, Leta Wray, Terry Saunders, Mary White, Joseph Thomas, Miss Barrows, Melvin Moore, Mattie Clayton, Jim Stanley, Helen Davis, Martin Earl, Josephine Wilderman, Marvin Crane, Hazel Littler, Martin Miller.

Brady-Gaa.

A quiet but beautiful wedding occurred Wednesday morning at 9 o'clock in St. Mary's church, St. Joseph, between Mr. J. C. Brady and Miss Catherine Gaa, both of Clyde, the Rev. J. P. Brady officiating.

They were attended by Miss Emma Gaa, a sister of the bride, and W. B. Graham. Miss Ella Gaa, a sister of the bride, was maid of honor.

The church was beautifully decorated with palms and ferns and the glittering beams of many candles shed their tender light over the flower trimmed altar.

At the altar rail the cortege was met by Rev. Fr. Brady and two acolytes. The ceremony was very impressive, the address by Father Brady being short but eloquent.

The bride was beautifully dressed in a gown of duchess satin, trimmed in chantille lace and wore a tulle veil trimmed with orange blossoms. She carried a shower bouquet of bride's roses and sweet peas.

The bridesmaid was gowned in maize colored satin, with Irish point lace and wore a wreath of flowers on her head.

The maid of honor wore a dress of

(Continued on page 2.)

CIRCUIT COURT TOMORROW.

An Adjourned Session to Be Held to Take Up Several Motions.

An adjourned session of circuit court will be held Friday with Judge W. C. Ellison on the bench. It is probable that several motions will be taken up and considered. No cases are set for trial.

TO HAVE BALL PARK.

The All-Star Team Has Leased the Old Ball Park and Will Play Sunday Ball.

The old Mink league grounds, or Riffe park, have been leased by the All-Star base ball team of this city and will be put in shape for the opening game about May 10 or 17.

Members of the team have begun to solicit subscriptions for the erection of the grand stand and putting the grounds in shape. It is estimated that $225 will be needed to make the necessary preparations.

The line-up of the All-Stars predicts a clean, fast game with the ragging-quality minus. Arrangements are being made with Company F to alternate the games at home and foreign. It is expected that both teams will become members of the county league and give Maryville continuous Sunday base ball. Should the patronage warrant it weekday games will be played.

Rehearsing "Mistress Mary."

Rehearsals for the pastoral drama "Mistress Mary" are being held each afternoon and night at the Elks club, one section of the choruses being rehearsed in the afternoon and another section at night. The play will be given two nights, May 19 and 20. The ladies report all handling their parts nicely and that they expect to be able to produce one of the best home talent productions that Maryville has witnessed for some time. The play is being given by the Twentieth Century club and is being drilled through rehearsals by the writer of the play, Miss Margaret Martin of Chicago.

Mrs. Bennett Improving.

Mrs. Mary Bennett, who underwent an operation at St. Francis hospital Monday morning, is improving, and her physicians now entertain hopes of her complete recovery. Mrs. C. C. Kitterman of Chicago, Frank Bennett of Ottawa, Kan., and J. I. Bennett of Bolckow came several days ago on account of their mother's illness and have been at the home of their sister, Mrs. Elizabeth French. Frank Bennett left Wednesday afternoon for his home in Ottawa, and J. I. Bennett returned to Bolckow Thursday morning.

New Agent at Hopkins.

Mr. Fleming, who is now agent at Greenfield, Ia., has been selected as the Burlington agent at Hopkins and will assume his duties soon. He has been in the service for more than twenty years and is said to bear the reputation of being a first class agent.

Edgar Hall of Stanberry visited in Maryville Tuesday and Wednesday with his sister, Miss Lillie Hall, a Normal student.

SOME FARM TOPICS

FROM THE STATE BOARD OF AGRICULTURE.

CLEAN-UP DAY MAY 2

The State Board is to Hold Their Next Meeting in Maryville Next Wednesday.

A meeting of the state board of agriculture will be held in Maryville next Wednesday, and the following are some of the topics as were sent out this week which will be of interest to all:

Prof. L. Haseman, entomologist at the U. S. experiment station, writes:

The agricultural experiment station is receiving numerous reports of the work of the clover leaf weevil in clover and alfalfa fields, especially in the counties south of the Missouri river. For the past two or three years this pest has been attracting considerable attention throughout the state, but this year it seems to be worse than usual. The pest begins to attack legumes in the spring just as soon as these plants begin to grow. At first the young grubs merely eat holes in the leaves, but later as they grow they destroy the entire leaf. A clover field can be very severely attacked by this pest in the early spring, and later it will come out in good shape. There is seemingly only one complete cycle of the pest each year. The full-fed grubs spin a lace-like cocoon the same as caterpillars, and in this cocoon the pupa or resting stage is passed and from it comes forth the small, brown snout beetle, which is about the size of a common garden pea. The beetles lay their eggs late in the summer for the next year's swarms of grubs. No direct remedy is feasible except where the pest is restricted to small areas where the use of a poisonous spray is effective. Badly infested fields should be plowed and some other crop planted. Clover should not be allowed to remain in the same field too long, for it is usually fields 2 years old or more that furnish the best breeding grounds. There has been some complaint that cattle grazing in infested fields have become poisoned, and it seems that there is some danger of at least mild poisoning due to the large number of grubs which the cattle eat. There is less danger of similar injury to hogs.

* * *

A clean-up date all the week of May 4th, or any day in that week has been decided on for Missouri. The General Federation of Women's Clubs of Missouri set the date and the state board of agriculture has approved the plan and is co-operating for a cleaner, healthier, brighter and better Missouri. Governor Major advises the board of agriculture that this clean-up day movement has his endorsement, and he predicts that the federation and the departments working together may do a great work. May 4th is really a late time for a farm clean-up day. The board of agriculture would have preferred an early April date. However, community clubs and every individual farmer and his family should join as far as they find time in this clean-up and paint-up day or week. And do not forget to swat the fly—screen against him, of course, but why not "prevent" him rather than fight him all summer.

* * *

The Missouri state board of agriculture is advising the organization of community clubs among the farmers and all others interested in community development. The name of "farmers' club" was based under the old plan—and the change is a change of name without any special change of work, except that it is being made a little broader than formerly. The institute lecturers of the board are doing the field work, and they seek to avoid injuring the development of granges and farmers' unions, and such other bodies already at work.

* * *

The Missouri state board of agriculture has the three new bulletins ready for mailing: "The Fertility of the Soil," the bulletin on "Soil Acidity and Liming" and "Homemakers' Clubs of Missouri." Sent free on request as long as the supply lasts.

* * *

The secretary of the Missouri state board of agriculture has proposed to co-operate to help bring farm labor into the state as well as to aid in finding farm jobs for every man and boy who will go from the hot, stuffy cities into the open country, the place of health and plenty and steady employment. This plan has been submitted to and approved by the state labor commissioner, who has accepted the plan. The board of agriculture is gathering the names of farmers wanting farm help or for harvest, and is turning the names over to the labor commissioner, who is going to undertake the task of filling the orders, free of charge, of course. If you want farm help address the state board of agriculture, Columbia, Mo., and your requests will be submitted. The secretary believes in this plan and trusts that an active response from the farmers will result in helping many, many thousands of bushels of what will be a bumper crop of wheat and oats. The labor commissioner is confident that he can fill the orders for farm help.

* * *

The state good roads meeting will be held in Jefferson City, Thursday, May 14th, and if you are interested in the cause (and of course every reader can say "aye") you will boost for sending a delegate as indicated in the official call. This is no scheme—it is a meeting of the people, a fellowship council seeking to federate all good advocates for the common good of all the state, every county to be benefitted alike.

* * *

The Missouri state board of agriculture today calls the attention of the people in every section to the importance of planning in a practical way to win one or more of the cash prizes offered by the Missouri Corn Growers' association. "Now is the time to prepare for war," for success in township, county and state corn contests. The outlook is for a banner corn year. Missouri must battle for national and international corn show honors at San Francisco next year—and now is the time to equip for victory, is it not? Plant "tested and not guessed at" seed this year and take no risks.

TEACHERS AT GRAHAM.

Teachers Employed for Graham Consolidated Schools for the Ensuing Year.

The consolidated schools of Graham and Hughes township have contracted with the teachers for the schools next year. The Graham schools have retained the old faculty and added one teacher to the list, Miss Elizabeth Sobbing of Hopkins. The Graham school building will be repaired and some new equipment will be put in. The country districts will also be repaired and new equipment added.

The list of teachers are:

Graham schools—J. N. Geyer, principal; Miss Margaret Collins, seventh and eighth grades; Wesley Baker, fifth and sixth grades; Miss Elizabeth Sobbing, third and fourth grades; Miss Stella Davis, first and second grades. James Alloway was retained as janitor.

Hayzlett school—R. L. Noblett. Mr. Noblett taught this school last year and proved satisfactory.

Lyle school—Miss Hazel Noblett was retained for the coming year.

Hickory Grove school—Miss Elsie Talbott has been employed to teach this school. She is the daughter of Mr. and Mrs. C. H. Talbott of Hughes township and is well known to all her patrons.

Stark school—Will be vacant this year as there are only three or four pupils in the district.

To Serve Supper.

The ladies of the Second Baptist church, colored, will give a supper Friday night at the church, on East Fourth street. They will serve chicken, gravy, mashed potatoes, corn, simon croquets, peas, ice cream and cake.

Spent $35 in Campaign.

According to the campaign expense affidavit of Gus Romasser, filed with Recorder J. A. Wray, $35 was spent in his campaign for mayor at the last city election. This money was given to the non-partisan committee by Mr. Romasser.

Has Let Contract.

Irvin Bartram has let the contract for a $3,500 residence to be erected on the lot at the corner of Edwards and Market streets, which he purchased recently.

C. D. Bellows went to Barnard Thursday morning on business.

ELECTRIC LIGHTS

HOPKINS TO VOTE ON THAT PROPOSITION SOON.

AN 18 HOUR SERVICE

To Be Given and Plant to Be Installed by H. A. Dalby of Grant City if the Plan Carries.

At a meeting of the city council at Hopkins this week the proposition of H. A. Dalby of Grant City to furnish Hopkins with electric light was unanimously accepted and the contract and the franchise will be voted on within the next thirty days, it requiring fifteen days notice by publication before the election can be legally held.

In case the election results favorably, Mr. Dalby agrees to put in a first class plant at that place at once and will put an ice plant in in connection with it.

Mr. Dalby agrees to give the town eighteen hour service until May, 1915, and after that time he agrees to give the town twenty-four hour service.

The town agrees to spend $600 a year for street lighting, which means that from thirty-five to forty lights will be scattered over the business and residence districts.

It would mean an additional tax of 25 cents on the $100 valuation.

TO PLAY AMITY FRIDAY.

The Normal is Ready for Game—Defeated Company F in Game Wednesday.

The Normal school base ball team won its second practice game from the Company F team yesterday afternoon by a 9 to 0 count. Padgett started the game for the Normals and pitched good ball allowing three hits. Hamm replaced Padgett in the last half of the seventh and did not allow the soldiers a safe bingle.

With the exception of McKee's error at short, the Normal team played air tight ball. Nine hits were gleaned off of Darling's delivery at times when hits meant scores.

Coach Eek is optimistic as to the outcome of tomorrow afternoon's game when the Normal team meets the Amity college team on the Normal diamond. Padgett will start the twirling for the Normal. Here is the lineup for tomorrow's game:

Brittain, center field; Adams, left field; Noblett, second base; Leavel, catcher; Dyer, first base; McKee, shortstop; Bird, third base; Miller, right field; Padgett, pitcher; Ham, pitcher; Long, pitcher; Wilson, utility.

The score of Wednesday's game by innings.

		R.	H.	E.
Normal	0 0 3 3 0 3 *—	9	9	1
Company F	0 0 0 0 0 0 0—	0	3	8

TO ENFORCE IT.

Ordinance Against Boys and Girls Riding Bicycles or Skating on Sidewalks.

The city authorities are going to see that the ordinance against riding bicycles, coasting on small wagons and skating with roller skates on sidewalks is enforced. One arrest made Wednesday afternoon was Harry Jones, who was coasting down the sidewalk with a wagon and ran into Wes Howland. He was fined $1 and costs, amounting in all to $7.10.

Numerous complaints have been made in regard to boys and girls, and City Marshal Moberly has been instructed to arrest all of those that are violating this ordinance.

Brought to Hospital.

The 12-year-old daughter of Mr. and Mrs. Brice Hall, who reside two miles east of Wilcox, was brought to St. Francis hospital Wednesday evening to submit to an operation for appendicitis. Her condition was such that she had to be conveyed to the hospital in Price & McNeal's ambulance. She was operated on Thursday.

Returned From Meeting.

Mayor U. S. Wright and Dr. Frank C. Wallis returned Thursday from St. Louis, where they attended the meeting of the grand chapter, R. A. M. Mr. and Mrs. C. C. Hellmers and two children, who went to St. Louis Monday night, Mr. Hellmers to attend the lodge meeting, remained in that city for a longer visit.

pink satin with overdress of white embroidery chiffon and carried a shower bouquet of white carnations and sweet peas.

Immediately after the ceremony a wedding breakfast was served at the St. Francis hotel, consisting of eight courses. The room was beautifully decorated with flowers and ornaments.

Beside the bridal party, the guests were Rev. J. P. Brady, Mr. and Mrs. L. J. Brady, Miss Rose Brady, Mr. Al Grawney, R. W. Graham and Albert Gaa.

After the breakfast the happy couple left for a short honeymoon, after which they will make their home at Clyde.

Their many friends wish them a long, prosperous and joyous life.

Fred Sheley of Hopkins was in Maryville Thursday.

Economy—Efficiency—Quality

IT is impossible to judge an Automobile by price comparison or its appearance. The best time to judge is after six months' or a year's use. It is then, and then only, that its real merits or defects are apparent.

The material in the Overland, its design and its manfacture, throughout, are such as to fully justify its undoubted and unparalleled reputation for economy, dependability and durability.

We are able to make the extremely low price of $950 because of the enormous quantities which we produce. We use one piece of machinery which brings down the original cost to the buyer. It is known as a toggle press—the only one of its size and capacity in the world. It was especially designed and constructed for stamping out Overland bodies and fenders. It is the largest and most effective cost reducing apparatus in the automobile industry. This machine turns out two complete fenders every minute. In two minutes it furnishes the four fenders necessary for each car. This machine produces in one minute six times as many fenders as any other press now in existence. The average manufacturer doesn't produce enough cars to use even the next smaller similar machine. So the method he must employ takes fifty minutes to do what this machine can do for us in one minute. This is merely one item to show you the economy of producing cars in lots of fifty thousand, as we do.

The material in the Overland is of the highest standard. The workmanship is no better in any car, no matter what the price, and it cannot be better. The Overland price is simply and solely the result of enormous production. It is secondary to Overland quality.

Friction is what causes wear and consumes power in machinery of any kind, whether it be a watch or a threshing machine. Therefore, every device known to mechanics is brought to bear to eliminate friction in the Overland car. To that end, every part that co-ordinates with another part—such as pistons, bearings, shafts, gears, etc.—is machined and ground to one one-thousandth part of an inch, has a mirror finish, is tested, inspected and retested, until it is as perfect as human ingenuity and the finest machinery can make it.

In precision, fineness in fit and thoroughness in testing and inspecting, no car selling at or near our price exceeds the Overland. That accounts for the long life and economy of the Overland.

That is precisely why, while cars may appear on the surface to look as good, and may in a demonstration seem to act as good, they do not and cannot compare with the Overland after, say, a year's use.

When you buy an Overland you not only make a very material saving on the first cost, but, what is far more worth considering, on the second cost—that is to say, the cost of operation and maintenance.

It is a fact, of which any Overland dealer can furnish you ample proof, that this car, because of its design, the materials in it, and our care and precision in manufacture, does "stand up" and is absolutely economical and efficient.

SEWELL and CARTER

Maryville and Burlington Junction, Mo.

Home From California.

Mrs. Catherine Miller returned Wednesday night from a six months' stay in California. Mrs. Miller spent most of her time with her ward, Miss Emma Kildow, at Pasadena, and also visited her daughter, Mrs. Fletcher Irwin, and Mr. Irwin, of Los Angeles. Miss Kildow expects to return next fall for a several weeks' visit, which will be welcome news to her many Maryville friends.

LOCAL DRUGGIST SAYS: "TAKE ONLY ONE DOSE"

We want to tell those in Maryville suffering from stomach or bowel trouble that we are agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, the remedy which became famous by curing appendicitis. This is the most thorough bowel cleanser known and JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. You will be surprised at the QUICK action of Adler-i-ka. The Koch Pharmacy.

The city collector's books have been moved from Smith & Grems' office to the office of Cook, Bennett & Co., over the Farmers Trust Co. Collector Sam G. Selecman is unable to take charge of his office on account of sickness and his son, Harold Selecman, will be in charge.

HIGH SCHOOL NOTES.

The boys are working on the Normal track this week to prepare themselves for the track meet which will be held at Tarkio, May 8. The high school will at least be represented by a relay team, and George Crowson, who won second honors in the oratorical contest at the Normal last week will also be a contestant.

The advanced physics class went to the railroad Tuesday to perform an experiment on the traveling of sound. The class was divided into two sections, being stationed a half mile apart, and the time which elapsed between the firing of a revolver and the time it took the sound to reach the other section of the class was measured by a stop watch.

Miss Josephine Keeler was a visitor at the high school Wednesday afternoon.

That a track meet spirit may be kept up, it has been decided that a local track meet will be held for the pupils of the high school. A number of prizes will be awarded, and it is hoped that the pupils will take advantage of this. The date has not yet been set for this event.

Mrs. A. L. Wait of Tulsa, Okla., who has been visiting her parents, Prof. and Mrs. B. F. Duncan, left Thursday morning for her home, making a brief stop at Kansas City en route.

Type Setting Machine for Hopkins.

The Hopkins Journal has added to its equipment a late model No. 15 linotype, or typesetting machine, costing about $2,000. William L. Menamin, representing the Mergenthaler Linotype Co. closed the deal with Publisher W. L. Moorhead last Friday, and the machine will be installed within thirty days. This machine will do the work of three or four printers, and is really a great labor saving device. The Journal is one of the best papers in this part of the state, and there are not many papers in a town the size of Hopkins that have a type setting machine.

Linn at Monroe Meet.

Dr. Paul H. Linn, president of Central college at Fayette, will deliver the address at the Monroe township track meet, which will be held May 8. Dr. Linn is one of the best school men in the country and an orator of rare and distinguished ability. Dr. Linn was formerly pastor of the M. E. church, South, of this city.

ENJOY YOUR MEALS

Take Mi-o-na—A Simple, Harmless Remedy for Indigestion or Upset Stomach.

Let us tell you how to enjoy our meals so that even the heartiest dinner will set well on your stomach with no disagreeable after-effects.

There is no need of taking disagreeable medicines; instead, eat what you like and use Mi-o-na Tablets. They are not only a digestive and antacid giving prompt and effective relief but a specific for disordered stomachs. Do not endure indigestion another day. Mi-o-na surely and safely strengthens the digestive organs, and increases the flow of gastric juices so that the stomach can care for the food as nature intended.

It is needless to have a bad stomach or suffer after-eating misery. Get from the Orear-Henry Drug Co. a fifty-cent box of Mi-o-na today—take two or three tablets at the first sign of distress. Mi-o-na is at all times a dependable stomach remedy.

REBELS READY TO ADVANCE

Constitutionalists Confident Mexico City Will Soon Be in Their Hands.

Chihuahua, Mex., April 30.—The recent constitutionalist successes, notably the capture of Monterey and the further defeats said to have been inflicted on retreating federals in engagements between Monterey and Saltillo by the rebel forces have induced a widespread feeling among the heads of the constitutionalist army that Mexico City soon will be in their hands.

It is asserted by them that the re-establishment of the embargo on arms along the Texas border will not cramp the operations of General Villa's army against Saltillo and other points. There is a feeling of confidence that Villa has sufficient ammunition to conduct operations until Tampico is taken by the constitutionalists, giving the rebels a port exempt from the operations of the embargo. There is a deep seated impression that the fall of Tampico cannot be long delayed.

Hospital arrangements provided for Villa's soldiers are excellent. There are a number of American contract surgeons in the service and the work of the physicians has been rendered exceptionally effective because they have been able to direct their entire attention to the wounded. Villa's army seems to be extraordinarily immune from the camp diseases common to many armed forces.

Complete Army Unit.

Galveston, April 30.—A complete unit of the United States army, prepared to advance on Mexico City, will be under command of Brigadier General Frederick Funston when the troops of the Sixth cavalry, regimental headquarters of the field artillery, which sailed on the converted transport San Marcos, reaches Vera Cruz.

The San Marcos carried the necessary cavalry for covering the advance of artillery, while the 350 mules aboard will pack the mountain guns already en route to Vera Cruz. Other troops and great quantities of supplies are here ready to be sent to Vera Cruz.

DAILY BULLETIN

No. 31. Maryville, Mo. Thursday, April 30, 1914.

Special This Week

EXCLUSIVE DESIGNS characterize our showing of new Wash Waists. The materials are mostly serviceable crepes, ratines and flaxons; trimmings are fine laces, embroideries and tucks. Every Waist is a good value; prices are from 98c to $5.

Such special values as we are featuring this week cannot go on forever. This opportunity lasts until Saturday night—just two more days. Assortments are still complete despite the heavy response to our first announcement, but from now on early selection will be advisable.

New Hats at $2.50

A SELECT assortment of stylish Street Hats at a record-making low price

The shapes are all new, the trimmings are new and the colors are new—this is a showing of NEW models. They are not extreme styles—the shapes are conservative, yet smart.

We have added more models to replace those sold yesterday, so the assortment is still complete.

The regular plain printed price tickets say these models sold from $3.50 to $5, which is correct. Choice this week..... **$2.50**

New Suits at $19.50

THIS sale of our fine $30 Suits gives you an opportunity to buy your new Spring Suit, or an additional one, at a saving of $10.50—an economy surely worth taking advantage of.

We cannot present these facts too strongly--

The styles are unsurpassed.

The materials, the trimmings and the colorings are those most in demand.

The tailoring is superb.

The "Wooltex" models are included.

The regular price is $30. Choice this week, for only **$19.50**

New Suits at $16.75

OUR largest assortment of Suits are our $25 and $22.50 grades, and this week we offer you your unrestricted choice of these models for..... **$16.75**

Over one-half of the lot is composed of the famous "Wooltex" Suits, the remainder being a selection of the best styles from a number of well-known designers.

Each Suit is correctly tailored of the finest materials possible at the price.

These garments are an example of the exceptionally good Suits we offer at moderate prices.

Commencing today—

May sale of Cut Glass at $2.95. Some pieces worth as high as $6. Included are bowls, celery dishes, water pitchers and preserve dishes Choice for..... $2.95

25 per cent discount on all Silver Deposit Ware

CARRANZA IS READY TO CONFER

Rebel Chief Accepts Plan of Mediation.

ARMISTICE IS PROPOSED

Will Be Submitted to the Warring Factions.

PEACE PROGRAM BROADENED

Negotiations Now to Compose Entire Mexican Situation.

Washington, April 30.—Mediation plans for the settlement of the Mexican crisis were suddenly broadened so as to include the entire range of Mexican affairs—not alone the critical issue between the United States and the Huerta regime, but also the conflict between the elements of northern and southern Mexico, which have rent the republic.

This signal enlargement of the mediation program followed the receipt of a formal acceptance by General Carranza, chief of the constitutionalist forces, of the principle of mediation as proposed by the ambassador from Brazil and the ministers from Argentina and Chile.

Already the United States and General Huerta formally had accepted the good offices of these South American envoys, and now as a further step General Carranza has been brought into the deliberations so as to draw every element and faction within the range of any settlement which may be attained.

Submit Armistice Proposal.

Early in the day the mediators made another decisive move in asking the United States and General Huerta to agree to an armistice, by which all aggressive military movements would be suspended pending the outcome of the negotiations. The mediators confidently expect both sides to accept the armistice proposal.

A separate proposal for an armistice as between Huerta and Carranza will also be made, and with its acceptance all of the warring elements throughout Mexico, as well as the American forces, would maintain a military status quo. The American government in its formal reply to the armistice proposal will expressly stipulate that any untoward act toward Americans will be regarded as an infraction of the armistice.

The South American envoys have progressed steadily on their plans and foresaw a definite statement within the next few days of their contemplated action.

Inform Secretary Bryan.

Word of General Carranza's acceptance of the tender of good offices looking toward mediation came in a telegram to the three South American envoys, who informed Secretary Bryan.

It had generally been supposed that the intermediaries would confine their efforts to a settlement of the differences arising between the United States and the Huerta government as a result of the arrest of American marines at Tampico and the seizure of Vera Cruz. But it developed that while they were prepared to concentrate their attention on averting hostilities between General Huerta and the United States, the envoys were endeavoring to include in the scope of their mediation the constitutionalists, so that all elements might be brought into harmony for a pacific settlement.

In this connection it was recalled that the American government's reply to the tender of good offices made this significant statement:

"This government hopes most earnestly that you may find those who speak for the several elements of the Mexican people willing and ready to discuss terms of satisfactory and therefore permanent settlement."

Bryan and Wilson Pleased.

President Wilson and Secretary Bryan were pleased at the entry of General Carranza and the constitutionalists in the peace plans, their hopes of a broad and satisfactory adjustment of the present crisis being raised to a degree of confidence which they have not hitherto felt.

Developments in the diplomatic field of the Mexican situation were the most absorbing, although the army and navy continued their work in caring for refugees and restoring order at Vera Cruz. No movements of any kind were announced, but both the army and navy exerted itself to the utmost to accommodate refugees.

In view of the very serious situation at Tampico, where the town is in danger of the rapid accumulation of undistributed oil from the great wells nearby, the state department has ap-

VOLUME 4. MARYVILLE, MISSOURI, THURSDAY, APRIL 30, 1914. NO. 284.

HULL HEADS CLUB

EDITOR OF THE TRIBUNE IS THE NEW PRESIDENT.

OTHER OFFICER CHOSEN

The Slogan of the Club is "All for Nodaway County; Nodaway County for All"—To Be Carried Out.

Editor Fred Hull of the Tribune was elected president of the Commercial club at a meeting of the board of directors held at the club room Wednesday night. The other officers of the club are:

Dr. Jesse Miller, first vice president.

John H. Sewell, second vice president.

Paul Sisson, treasurer.

W. R. Jackson, secretary.

The board of directors of the club is composed of J. F. Hull, Dr. Jesse Miller, J. H. Sewell, Paul Sisson, W. F. Phares, Joseph Jackson, Jr., C. C. Hellmers, Charles Wadley and Albert Kuchs. The board meets every Monday at luncheon at the Elks club, where the various propositions that are presented are acted upon.

The board at their meeting discussed several plans for the work this year. The slogan of the club will be "All for Nodaway county; Nodaway county for all," and during the year every part of the county will be visited by a delegation of members of the club and made to feel that Maryville is for them and will help them out in any project that they are contemplating. The towns in the county will also be visited and all of the Chautauquas, fairs and other entertaining features that are to be had at these places will be taken in by the members of the Commercial club.

Editor Hull has been an active member of the club ever since he has been a resident of Maryville. Before that time he was secretary of the Commercial club at Gallatin. He has had a great deal of experience along these lines, and the coming year promises to be one of the best for the club.

ABOUT REV. C. J. MILLER.

His Bible School Distributes Sweet Pea Seeds Annually.

The Outlook, a religious publication of Cincinnati, O., has the following about Rev. C. J. Miller, formerly pastor of the Christian church here:

"The great Bible school of the First Christian church in Greeley, Col., is constantly doing something new, something big, something helpful. And we are never surprised while Claude J. Miller is pastor and H. H. Borgman is superintendent. And as fine as Pastor Miller is, he would have to increase in power mightily to be equal to his wife. We are constantly asking ourselves, 'Well, what will that Greeley bunch be doing next?' Readers of the Outlook have not forgotten how the school distributes sweet pea seed about this time of the year, and later has a great 'Sweet Pea day on the Sunday program. We are glad to be remembered with a package of seeds this year. Printed on the envelopes containing the seeds are these words: 'Compliments of the First Christian Bible School, Greeley, Col., the School That Does Things and Grows.'

"During the month of March this school enrolled 138 pupils. On the first Sunday in April honor badges were given to 250 of the Sunday school pupils for faithful attendance during the first quarter of 1914."

POLAND-CHINAS AT THE TOP.

R. R. Staples Gets Best Price Paid for Hogs Here Today.

Highest price paid on the market today for hogs secured a load of extra fine 265-pound butchers of the big type Poland-China breed, fed and shipped by R. R. Staples of Nodaway county. The consignment included fifty-six head and the drove sold at $8.40. Mr. Staples has been very successful with hogs as well as other phases of agricultural operations. In his estimation nothing beats an old tried prolific brood sow as a revenue producer on the farm.—Wednesday's Stock Yards Journal, St. Joseph.

Maulding's Orchestra at Hopkins.

Maulding's orchestra will furnish the music for the commencement exercises at Hopkins tonight. The orchestra is composed of the following members: Ollie Bovard, Albert Butherus, Guy Neal and Prof. T. B. Maulding.

Maryville visitors in St. Joseph Thursday were Mrs. G. A. Nash, Miss Alma Nash, Mrs. Frank Bolin, Miss Neva Templeton.

NEW PRESIDENT AND SECRETARY OF THE COMMERCIAL CLUB

J. F. HULL, PRESIDENT.

W. R. JACKSON, SECRETARY.

News of Society and Womens' Clubs

Miss Conrad Hostess.

The regular meeting of the P. E. O. chapter will be held at 2:30 o'clock Saturday afternoon at the home of Miss Nelle Conrad.

Missionary Tea.

The Woman's Missionary society of the Baptist church will hold a missionary tea Friday afternoon at the home of Mrs. J. F. Cook, 614 South Buchanan street.

Juniors Will Entertain.

The Junior class of the Normal school will entertain the members of the faculty and their wives and the senior class at the Normal building Friday night.

May Morning Breakfast.

The Y. M. C. A. and the Y. W. C. A. of the Normal school will give a May morning breakfast at 7 o'clock Friday morning in the lunch room of the Normal building.

Aid Society Meeting.

The Ladies' Aid society of the Buchanan Street Methodist church will meet Friday afternoon at 2:30 o'clock in regular business session at the home of Mrs. J. H. Thorp, 116 South Buchanan street. All ladies of the church are cordially invited.

For Miss Barrows.

The Queen Esther Circle of the First Methodist church was entertained Wednesday night at the home of Miss Greta Kemp in honor of Miss Jane L. Barrows, who will leave Friday for her home in Lincoln, Neb. The evening was spent in playing various games, a two-course luncheon being served afterward. The members present were Ida Lable, Ned Howard, Vijune Colden, Ed Logan, Nina Bent, Fred Hunter, Lois Wiley, Vern Castle, Gladys Ford, Ulysses Stuart, Loma Bower, Mark Pickens, Mary Sewell, George Kerr, Della Hook, James Smith, Fern Wright, Carl Woods, Leta Wray, Terry Saunders, Mary White, Joseph Thomas, Miss Barrows, Melvin Moore, Mattie Clayton, Jim Stanley, Helen Davis, Martin Earl, Josephine Wilderman, Marvin Crane, Hazel Littler, Martin Miller.

Brady-Gaa.

A quiet but beautiful wedding occurred Wednesday morning at 9 o'clock in St. Mary's church, St. Joseph, between Mr. J. C. Brady and Miss Catherine Gaa, both of Clyde, the Rev. J. P. Brady officiating.

They were attended by Miss Emma Gaa, a sister of the bride, and W. B. Graham. Miss Ella Gaa, a sister of the bride, was maid of honor.

The church was beautifully decorated with palms and ferns and the glittering beams of many candles shed their tender light over the flower trimmed altar.

At the altar rail the cortege was met by Rev. Fr. Brady and two acolytes. The ceremony was very impressive the address by Father Brady being short but eloquent.

The bride was beautifully dressed in a gown of duchess satin, trimmed in chantille lace and wore a tulle veil trimmed with orange blossoms. She carried a shower bouquet of bride's roses and sweet peas.

The bridesmaid was gowned in maize colored satin, with Irish point lace and wore a wreath of flowers on her head.

The maid of honor wore a dress of

(Continued on page 2.)

CIRCUIT COURT TOMORROW.

An Adjourned Session to Be Held to Take Up Several Motions.

An adjourned session of circuit court will be held Friday with Judge W. C. Ellison on the bench. It is probable that several motions will be taken up and considered. No cases are set for trial.

TO HAVE BALL PARK.

The All-Star Team Has Leased the Old Ball Park and Will Play Sunday Ball.

The old Mink league grounds, or Riffe park, have been leased by the All-Star base ball team of this city and will be put in shape for the opening game about May 10 or 17.

Members of the team have begun to solicit subscriptions for the erection of the grand stand and putting the grounds in shape. It is estimated that $225 will be needed to make the necessary preparations.

The line-up of the All-Stars predicts a clean, fast game with the ragging-quality minus. Arrangements are being made with Company F to alternate the games at home and foreign. It is expected that both teams will become members of the county league and give Maryville continuous Sunday base ball. Should the patronage warrant it week-day games will be played.

Rehearsing "Mistress Mary."

Rehearsals for the pastoral drama "Mistress Mary" are being held each afternoon and night at the Elks club, one section of the choruses being rehearsed in the afternoon and another section at night. The play will be given two nights, May 19 and 20. The ladies report all handling their parts nicely and that they expect to be able to produce one of the best home talent productions that Maryville has witnessed for some time. The play is being given by the Twentieth Century club and is being drilled through rehearsals by the writer of the play, Miss Margaret Martin of Chicago.

Mrs. Bennett Improving.

Mrs. Mary Bennett, who underwent an operation at St. Francis hospital Monday morning, is improving, and her physicians now entertain hopes of her complete recovery. Mrs. C. C. Kitterman of Chicago, Frank Bennett of Ottawa, Kan., and J. I. Bennett of Bolckow came several days ago on account of their mother's illness and have been at the home of their sister, Mrs. Elizabeth French. Frank Bennett left Wednesday afternoon for his home in Ottawa, and J. I. Bennett returned to Bolckow Thursday morning.

New Agent at Hopkins.

Mr. Fleming, who is now agent at Greenfield, Ia., has been selected as the Burlington agent at Hopkins and will assume his duties soon. He has been in the service for more than twenty years and is said to bear the reputation of being a first class agent.

Edgar Hall of Stanberry visited in Maryville Tuesday and Wednesday with his sister, Miss Lillie Hall, a Normal student.

SOME FARM TOPICS

FROM THE STATE BOARD OF AGRICULTURE.

CLEAN-UP DAY MAY 2

The State Board is to Hold Their Next Meeting in Maryville Next Wednesday.

A meeting of the state board of agriculture will be held in Maryville next Wednesday, and the following are some of the topics as were sent out this week which will be of interest to all:

Prof. L. Haseman, entomologist at the U. S. experiment station, writes:

The agricultural experiment station is receiving numerous reports of the work of the clover leaf weevil in clover and alfalfa fields, especially in the counties south of the Missouri river. For the past two or three years this pest has been attracting considerable attention throughout the state, but this year it seems to be worse than usual. The pest begins to attack legumes in the spring just as soon as these plants begin to grow. At first the young grubs merely eat holes in the leaves, but later as they grow they destroy the entire leaf. A clover field can be very severely attacked by this pest in the early spring, and later it will come out in good shape. There is seemingly only one complete cycle of the pest each year. The full-fed grubs spin a lace-like cocoon the same as caterpillars, and in this cocoon the pupa or resting stage is passed and from it comes forth the small, brown snout beetle, which is about the size of a common garden pea. The beetles lay their eggs late in the summer for the next year's swarms of grubs. No direct remedy is feasible except where the pest is restricted to small areas where the use of a poisonous spray is effective. Badly infested fields should be plowed and some other crop planted. Clover should not be allowed to remain in the same field too long, for it is usually fields 2 years old or more that furnish the best breeding grounds. There has been some complaint that cattle grazing in infested fields have become poisoned, and it seems that there is some danger of at least mild poisoning due to the large number of grubs which the cattle eat. There is less danger of similar injury to hogs.

* * *

A clean-up date all the week of May 4th, or any day in that week has been decided on for Missouri. The General Federation of Women's Clubs of Missouri set the date and the state board of agriculture has approved the plan and is co-operating for a cleaner, healthier, brighter and better Missouri. Governor Major advises the board of agriculture that this clean-up day movement has his endorsement, and he predicts that the federation and the departments working together may do a great work. May 4th is really a late time for a farm clean-up day. The board of agriculture would have preferred an early April date. However, community clubs and every individual farmer and his family should join as far as they find time in this clean-up and paint-up day or week. And do not forget to swat the fly—screen against him, of course, but why not "prevent" him rather than fight him all summer.

* * *

The Missouri state board of agriculture is advising the organization of community clubs among the farmers and all others interested in community development. The name of "farmers' club" was based under the old plan—and the change is a change of name without any special change of work, except that it is being made a little broader than formerly. The institute lecturers of the board are doing the field work, and they seek to avoid injuring the development of granges and farmers' unions, and such other bodies already at work.

* * *

The Missouri state board of agriculture has the three new bulletins ready for mailing: "The Fertility of the Soil," the bulletin on "Soil Acidity and Liming" and "Homemakers' Clubs of Missouri." Sent free on request as long as the supply lasts.

* * *

The secretary of the Missouri state board of agriculture has proposed to co-operate to help bring farm labor into the state as well as to aid in finding farm jobs for every man and boy who will go from the hot, stuffy cities into the open country, the place of health and plenty and steady employment. This plan has been submitted to and approved by the state labor commissioner, who has accepted the plan. The board of agriculture is gathering the names of farmers wanting farm help or for harvest, and is turning the names over to the labor commissioner, who is going to undertake the task of filling the orders, free of charge, of course. If you want farm help address the state board of agriculture, Columbia, Mo., and your requests will be submitted. The secretary believes in this plan and trusts that an active response from the farmers will result in helping many, many thousands of bushels of what will be a bumper crop of wheat and oats. The labor commissioner is confident that he can fill the orders for farm help.

* * *

The state good roads meeting will be held in Jefferson City, Thursday, May 14th, and if you are interested in the cause (and of course every reader can say "aye") you will boost for sending a delegate as indicated in the official call. This is no scheme—it is a meeting of the people, a fellowship council seeking to federate all good advocates for the common good of all the state, every county to be benefitted alike.

* * *

The Missouri state board of agriculture today calls the attention of the people in every section to the importance of planning in a practical way to win one or more of the cash prizes offered by the Missouri Corn Growers' association. "Now is the time to prepare for war," for success in township, county and state corn contests. The outlook is for a banner corn year. Missouri must battle for national and international corn show honors at San Francisco next year—and now is the time to equip for victory, is it not? Plant "tested and not guessed at" seed this year and take no risks.

TEACHERS AT GRAHAM.

Teachers Employed for Graham Consolidated Schools for the Ensuing Year.

The consolidated schools of Graham and Hughes township have contracted with the teachers for the schools next year. The Graham schools have retained the old faculty and added one teacher to the list, Miss Elizabeth Sobbing of Hopkins. The Graham school building will be repaired and some new equipment will be put in. The country districts will also be repaired and new equipment added.

The list of teachers are:

Graham schools—J. N. Geyer, principal; Miss Margaret Collins, seventh and eighth grades; Wesley Baker, fifth and sixth grades; Miss Elizabeth Sobbing, third and fourth grades; Miss Stella Davis, first and second grades. James Alloway was retained as janitor.

Hayzlett school—R. L. Noblett. Mr. Noblett taught this school last year and proved satisfactory.

Lyle school—Miss Hazel Noblett was retained for the coming year.

Hickory Grove school—Miss Elsie Talbott has been employed to teach this school. She is the daughter of Mr. and Mrs. C. H. Talbott of Hughes township and is well known to all her patrons.

Stark school—Will be vacant this year as there are only three or four pupils in the district.

To Serve Supper.

The ladies of the Second Baptist church, colored, will give a supper Friday night at the church, on East Fourth street. They will serve chicken, gravy, mashed potatoes, corn, simon croquets, peas, ice cream and cake.

Spent $35 in Campaign.

According to the campaign expense affidavit of Gus Romasser, filed with Recorder J. A. Wray, $35 was spent in his campaign for mayor at the last city election. This money was given to the non-partisan committee by Mr. Romasser.

Has Let Contract.

Irvin Bartram has let the contract for a $3,500 residence to be erected on the lot at the corner of Edwards and Market streets, which he purchased recently.

C. D. Bellows went to Barnard Thursday morning on business.

ELECTRIC LIGHTS

HOPKINS TO VOTE ON THAT PROPOSITION SOON.

AN 18 HOUR SERVICE

To Be Given and Plant to Be Installed by H. A. Dalby of Grant City if the Plan Carries.

At a meeting of the city council at Hopkins this week the proposition of H. A. Dalby of Grant City to furnish Hopkins with electric light was unanimously accepted and the contract and the franchise will be voted on within the next thirty days, it requiring fifteen days notice by publication before the election can be legally held.

In case the election results favorably, Mr. Dalby agrees to put in a first class plant at that place at once and will put an ice plant in in connection with it.

Mr. Dalby agrees to give the town eighteen hour service until May, 1915, and after that time he agrees to give the town twenty-four hour service.

The town agrees to spend $600 a year for street lighting, which means that from thirty-five to forty lights will be scattered over the business and residence districts.

It would mean an additional tax of 25 cents on the $100 valuation.

TO PLAY AMITY FRIDAY.

The Normal is Ready for Game—Defeated Company F in Game Wednesday.

The Normal school base ball team won its second practice game from the Company F team yesterday afternoon by a 9 to 0 count. Padgett started the game for the Normals and pitched good ball allowing three hits. Hamm replaced Padgett in the last half of the seventh and did not allow the soldiers a safe bingle.

With the exception of McKee's error at short, the Normal team played air tight ball. Nine hits were gleaned off of Darling's delivery at times when hits meant scores.

Coach Eck is optimistic as to the outcome of tomorrow afternoon's game when the Normal team meets the Amity college team on the Normal diamond. Padgett will start the twirling for the Normal. Here is the lineup for tomorrow's game:

Brittain, center field; Adams, left field; Noblett, second base; Leavel, catcher; Dyer, first base; McKee, shortstop; Bird, third base; Miller, right field; Padgett, pitcher; Ham, pitcher; Long, pitcher; Wilson, utility.

The score of Wednesday's game by innings.

	R.	H.	E.

Company F .....0 0 0 0 0 0 0—0	3	8	

TO ENFORCE IT.

Ordinance Against Boys and Girls Riding Bicycles or Skating on Sidewalks.

The city authorities are going to see that the ordinance against riding bicycles, coasting on small wagons and skating with roller skates on sidewalks is enforced. One arrest made Wednesday afternoon was Harry Jones, who was coasting down the sidewalk with a wagon and ran into Wes Howland. He was fined $1 and costs, amounting in all to $7.10.

Numerous complaints have been made in regard to boys and girls, and City Marshal Moberly has been instructed to arrest all of those that are violating this ordinance.

Brought to Hospital.

The 12-year-old daughter of Mr. and Mrs. Brice Hall, who reside two miles east of Wilcox, was brought to St. Francis hospital Wednesday evening to submit to an operation for appendicitis. Her condition was such that she had to be conveyed to the hospital in Price & McNeal's ambulance. She was operated on Thursday.

Returned From Meeting.

Mayor U. S. Wright and Dr. Frank C. Wallis returned Thursday from St. Louis, where they attended the meeting of the grand chapter, R. A. M. Mr. and Mrs. C. C. Hellmers and two children, who went to St. Louis Monday night, Mr. Hellmers to attend the lodge meeting, remained in that city for a longer visit.

pink satin with overdress of white embroidery chiffon and carried a shower bouquet of white carnations and sweet peas.

Immediately after the ceremony a wedding breakfast was served at the St. Francis hotel, consisting of eight courses. The room was beautifully decorated with flowers and ornaments.

Beside the bridal party, the guests were Rev. J. P. Brady, Mr. and Mrs. L. J. Brady, Miss Rose Brady, Mr. Al Growney, R. W. Graham and Albert Gaa.

After the breakfast the happy couple left for a short honeymoon, after which they will make their home at Clyde.

Their many friends wish them a long, prosperous and joyous life.

Fred Sheley of Hopkins was in Maryville Thursday.

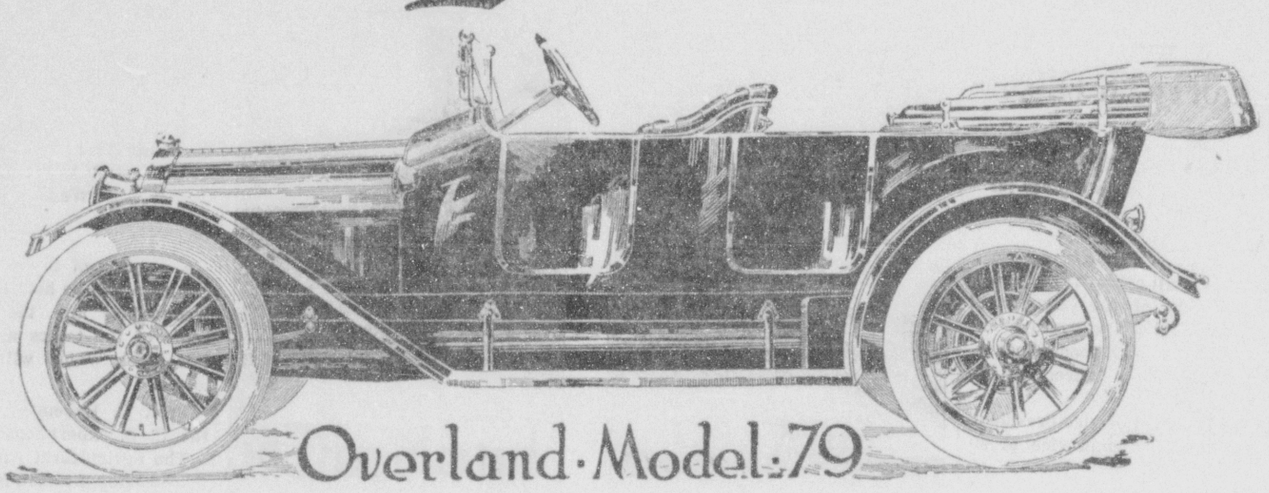
Overland



Overland·Model·79

Economy—Efficiency—Quality

IT is impossible to judge an Automobile by price comparison or its appearance. The best time to judge is after six months' or a year's use. It is then, and then only, that its real merits or defects are apparent.

The material in the Overland, its design and its manfacture, throughout, are such as to fully justify its undoubted and unparalleled reputation for economy, dependability and durability.

We are able to make the extremely low price of $950 because of the enormous quantities which we produce. We use one piece of machinery which brings down the original cost to the buyer. It is known as a toggle press—the only one of its size and capacity in the world. It was especially designed and constructed for stamping out Overland bodies and fenders. It is the largest and most effective cost reducing apparatus in the automobile industry. This machine turns out two complete fenders every minute. In two minutes it furnishes the four fenders necessary for each car. This machine produces in one minute six times as many fenders as any other press now in existence. The average manufacturer doesn't produce enough cars to use even the next smaller similar machine. So the method he must employ takes fifty minutes to do what this machine can do for us in one minute. This is merely one item to show you the economy of producing cars in lots of fifty thousand, as we do.

The material in the Overland is of the highest standard. The workmanship is no better in any car, no matter what the price, and it cannot be better. The Overland price is simply and solely the result of enormous production. It is secondary to Overland quality.

Friction is what causes wear and consumes power in machinery of any kind, whether it be a watch or a threshing machine. Therefore, every device known to mechanics is brought to bear to eliminate friction in the Overland car. To that end, every part that co-ordinates with another part—such as pistons, bearings, shafts, gears, etc.—is machined and ground to one one-thousandth part of an inch, has a mirror finish, is tested, inspected and retested, until it is as perfect as human ingenuity and the finest machinery can make it.

In precision, fineness in fit and thoroughness in testing and inspecting, no car selling at or near our price exceeds the Overland. That accounts for the long life and economy of the Overland.

That is precisely why, while cars may appear on the surface to look as good, and may in a demonstration seem to act as good, they do not and cannot compare with the Overland after, say, a year's use.

When you buy an Overland you not only make a very material saving on the first cost, but, what is far more worth considering, on the second cost—that is to say, the cost of operation and maintenance.

It is a fact, of which any Overland dealer can furnish you ample proof, that this car, because of its design, the materials in it, and our care and precision in manufacture, does "stand up" and is absolutely economical and efficient.

SEWELL and CARTER

Maryville and Burlington Junction, Mo.

Home From California.

Mrs. Catherine Miller returned Wednesday night from a six months' stay in California. Mrs. Miller spent most of her time with her ward, Miss Emma Kildow, at Pasadena, and also visited her daughter, Mrs. Fletcher Irwin, and Mr. Irwin, of Los Angeles. Miss Kildow expects to return next fall for a several weeks' visit, which will be welcome news to her many Maryville friends.

LOCAL DRUGGIST SAYS:
"TAKE ONLY ONE DOSE"

We want to tell those in Maryville suffering from stomach or bowel trouble that we are agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, the remedy which became famous by curing appendicitis. This is the most thorough bowel cleanser known and JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. You will be surprised at the QUICK action of Adler-i-ka. The Koch Pharmacy.

The city collector's books have been moved from Smith & Grems' office to the office of Cook, Bennett & Co., over the Farmers Trust Co. Collector Sam G. Selecman is unable to take charge of his office on account of sickness and his son, Harold Selecman, will be in charge.

HIGH SCHOOL NOTES.

The boys are working on the Normal track this week to prepare themselves for the track meet which will be held at Tarkio, May 8. The high school will at least be represented by a relay team, and George Crowson, who won second honors in the oratorical contest at the Normal last week will also be a contestant.

The advanced physics class went to the railroad Tuesday to perform an experiment on the traveling of sound. The class was divided into two sections, being stationed a half mile apart, and the time which elapsed between the firing of a revolver and the time it took the sound to reach the other section of the class was measured by a stop watch.

Miss Josephine Keeler was a visitor at the high school Wednesday afternoon.

That a track meet spirit may be kept up, it has been decided that a local track meet will be held for the pupils of the high school. A number of prizes will be awarded, and it is hoped that the pupils will take advantage of this. The date has not yet been set for this event.

Mrs. A. L. Wait of Tulsa, Okla., who has been visiting her parents, Prof. and Mrs. B. F. Duncan, left Thursday morning for her home, making a brief stop at Kansas City en route.

Type Setting Machine for Hopkins.

The Hopkins Journal has added to its equipment a late model No. 15 linotype, or typesetting machine, costing about $2,000. William L. Menamin, representing the Mergenthaler Linotype Co. closed the deal with Publisher W. L. Moorhead last Friday, and the machine will be installed within thirty days. This machine will do the work of three or four printers, and is really a great labor saving device. The Journal is one of the best papers in this part of the state, and there are not many papers in a town the size of Hopkins that have a type setting machine.

Linn at Monroe Meet.

Dr. Paul H. Linn, president of Central college at Fayette, will deliver the address at the Monroe township track meet, which will be held May 8. Dr. Linn is one of the best school men in the country and an orator of rare and distinguished ability. Dr. Linn was formerly pastor of the M. E. church, South, of this city.

Don't Let Your Eyes Get Prematurely Old.

Many people let their eyes grow old before they do because they neglect the first indications of imperfect vision.

It pays to attend to these things promptly. A trifling defect today may develop into serious trouble six months hence.

If you have the slightest reason for suspecting eye trouble you should consult us at once. You will be assured of an accurate eye examination and fair treatment. If you do not need glasses we will tell you so frankly.

H. T. CRANE
Jeweler and Optician.

REBELS READY TO ADVANCE

Constitutionalists Confident Mexico City Will Soon Be in Their Hands.

Chihuahua, Mex., April 30.—The recent constitutionalist successes, notably the capture of Monterey and the further defeats said to have been inflicted on retreating federals in engagements between Monterey and Saltillo by the rebel forces have induced a widespread feeling among the heads of the constitutionalist army that Mexico City soon will be in their hands.

It is asserted by them that the re-establishment of the embargo on arms along the Texas border will not cramp the operations of General Villa's army against Saltillo and other points. There is a feeling of confidence that Villa has sufficient ammunition to conduct operations until Tampico is taken by the constitutionalists, giving the rebels a port exempt from the operations of the embargo. There is a deep seated impression that the fall of Tampico cannot be long delayed.

Hospital arrangements provided for Villa's soldiers are excellent. There are a number of American contract surgeons in the service and the work of the physicians has been rendered exceptionally effective because they have been able to direct their entire attention to the wounded. Villa's army seems to be extraordinarily immune from the camp diseases common to many armed forces.

Complete Army Unit.

Galveston, April 30.—A complete unit of the United States army, prepared to advance on Mexico City, will be under command of Brigadier General Frederick Funston when the troops of the Sixth cavalry, regimental headquarters of the field artillery, which sailed on the converted transport San Marcos, reaches Vera Cruz.

The San Marcos carried the necessary cavalry for covering the advance of artillery, while the 350 mules aboard will pack the mountain guns already en route to Vera Cruz. Other troops and great quantities of supplies are here ready to be sent to Vera Cruz.

DAILY BULLETIN

No. 31. Maryville, Mo. Thursday, April 30, 1914.

Special This Week

EXCLUSIVE DESIGNS

characterize our showing of new Wash Waists. The materials are mostly serviceable crepes, ratines and flaxons; trimmings are fine laces, embroideries and tucks. Every Waist is a good value; prices are from 98c to $5.

Such special values as we are featuring this week cannot go on forever. This opportunity lasts until Saturday night—just two more days. Assortments are still complete despite the heavy response to our first announcement, but from now on early selection will be advisable.

New Hats at $2.50

A SELECT assortment of stylish Street Hats at a record-making low price

The shapes are all new, the trimmings are new and the colors are new—this is a showing of NEW models. They are not extreme styles—the shapes are conservative, yet smart.

We have added more models to replace those sold yesterday, so the assortment is still complete.

The regular plain printed price tickets say these models sold from $3.50 to $5, which is correct. Choice this week..... **$2.50**

New Suits at $19.50

THIS sale of our fine $30 Suits gives you an opportunity to buy your new Spring Suit, or an additional one, at a saving of $10.50—an economy surely worth taking advantage of.

We cannot present these facts too strongly--

The styles are unsurpassed.

The materials, the trimmings and the colorings are those most in demand.

The tailoring is superb.

The "Wooltex" models are included.

The regular price is $30. Choice this week, for only **$19.50**

New Suits at $16.75

OUR largest assortment of Suits are our $25 and $22.50 grades, and this week we offer you your unrestricted choice of these models for..... **$16.75**

Over one-half of the lot is composed of the famous "Wooltex" Suits, the remainder being a selection of the best styles from a number of well-known designers.

Each Suit is correctly tailored of the finest materials possible at the price.

These garments are an example of the exceptionally good Suits we offer at moderate prices.

Commencing today—

May sale of Cut Glass at $2.95. Some pieces worth as high as $6. Included are bowls, celery dishes, water pitchers and preserve dishes $2.95 Choice for.....

25 per cent discount on all Silver Deposit Ware

CARRANZA IS READY TO CONFER

Rebel Chief Accepts Plan of Mediation.

ARMISTICE IS PROPOSED

Will Be Submitted to the Warring Factions.

PEACE PROGRAM BROADENED

Negotiations Now to Compose Entire Mexican Situation.

Washington, April 30.—Mediation plans for the settlement of the Mexican crisis were suddenly broadened so as to include the entire range of Mexican affairs—not alone the critical issue between the United States and the Huerta regime, but also the conflict between the elements of northern and southern Mexico, which have rent the republic.

This signal enlargement of the mediation program followed the receipt of a formal acceptance by General Carranza, chief of the constitutionalist forces, of the principle of mediation as proposed by the ambassador from Brazil and the ministers from Argentina and Chile.

Already the United States and General Huerta formally had accepted the good offices of these South American envoys, and now as a further step General Carranza has been brought into the deliberations so as to draw every element and faction within the range of any settlement which may be attained.

Submit Armistice Proposal.

Early in the day the mediators made another decisive move in asking the United States and General Huerta to agree to an armistice, by which all aggressive military movements would be suspended pending the outcome of the negotiations. The mediators confidently expect both sides to accept the armistice proposal.

A separate proposal for an armistice as between Huerta and Carranza will also be made, and with its acceptance all of the warring elements throughout Mexico, as well as the American forces, would maintain a military status quo. The American government in its formal reply to the armistice proposal will expressly stipulate that any untoward act toward Americans will be regarded as an infraction of the armistice.

The South American envoys have progressed steadily on their plans and foresaw a definite statement within the next few days of their contemplated action.

Inform Secretary Bryan.

Word of General Carranza's acceptance of the tender of good offices looking toward mediation came in a telegram to the three South American envoys, who informed Secretary Bryan.

It had generally been supposed that the intermediaries would confine their efforts to a settlement of the differences arising between the United States and the Huerta government as a result of the arrest of American marines at Tampico and the seizure of Vera Cruz. But it developed that while they were prepared to concentrate their attention on averting hostilities between General Huerta and the United States, the envoys were endeavoring to include in the scope of their mediation the constitutionalists, so that all elements might be brought into harmony for a pacific settlement.

In this connection it was recalled that the American government's reply to the tender of good offices made this significant statement:

"This government hopes most earnestly that you may find those who speak for the several elements of the Mexican people willing and ready to discuss terms of satisfactory and therefore permanent settlement."

Bryan and Wilson Pleased.

President Wilson and Secretary Bryan were pleased at the entry of General Carranza and the constitutionalists in the peace plans, their hopes of a broad and satisfactory adjustment of the present crisis being raised to a degree of confidence which they have not hitherto felt.

Developments in the diplomatic field of the Mexican situation were the most absorbing, although the army and navy continued their work in caring for refugees and restoring order at Vera Cruz. No movements of any kind were announced, but both the army and navy exerted itself to the utmost to accommodate refugees.

In view of the very serious situation at Tampico, where the town is in danger of the rapid accumulation of undistributed oil from the great wells nearby, the state department has ap-
